

Hybrid Eggplant Black Shine

DESCRIPTION: Extra early maturity, very prolific; long shape with thicker neck than Millionaire, black with purple calyx, approximately 7.75 oz (220 gr)

MATURITY: Extra early

**COMPARABLE
VARIETIES:** Millionaire

**VARIETY
CHARACTERISTICS:** Suited for both greenhouse and open field, plants are medium in size with an upright habit. Fruit is tender with excellent quality. Black Shine has a thicker neck making for more uniform fruit which is a bit shorter in length when compared to Millionaire.

Descriptions, illustrations, photos and disease resistance, etc. are based upon the results obtained under favorable conditions and certain races of pathogens/diseases. Identical results are not guaranteed nor implied for all growing conditions. Information is based on average data compiled. Physical characteristics, adaptability and disease tolerance may vary under different conditions. Rev B
